ROCK SPRINGS HIGH SCHOOL

Denver, North Carolina

Foreword

To give to you, the student body of Rock Springs High, a true picture of school life, and to create a sense of pride in the accomplishments and achievements of our school, we, the Senior Class of 1951, do publish this ROSPHIAN. If you can see school life written on every page, we will know that our time has been well spent.

Dedication

We, the Senior Class of 1951, dedicate the third edition of "The Rosphian" to one whose years have been years of service; to one whose interest in his school and work is never ceasing; to one whose helping and friendly manner has inspired us onward in our class work and outside activities---

School Song

We've got the finest school that's in the land.

We'll set our goal and there we'll take a stand.

To put old Rock Springs on the top, top, top.

We'll do this and we'll never stop, stop, stop, stop, stop.

So fight, fight, fight, fight all the time,

And soon the whole wide world will quickly find.

We'll stand for work, play, fun, pep, zip-boom-bah,

Zip-boom-bah,

Rah, Rah, Rah.

Tune: You're Breaking My Heart

It's breaking our hearts cause we're leaving--
We're ready to start life anew--
It isn't too easy believing we're leaving Rock
Springs High School--
It's breaking our hearts to remember that
we'll never be together again--
Your memory will linger with us always--
We'll miss you, our friends, when you're gone--
We wish you joy, the long years through--
But if some day you should want to reminisce--
Please remember your old classmates at Rock
Springs--
Til then we are leaving you.

Senior Class History

1939-1951. A long period of work, hope, and joy is enclosed in these dates. We came to school our first time in the fall of '38. We were, at first, a bit dismayed at this new life away from home, but after a few weeks we became accustomed to school. After we worked hard for seven long years, with a few falling behind, we found ourselves in our last year before high school, the eighth grade.

It was with both fear and joy that we mounted the stage in '47 to receive our Certificates of Promotion to high school. Many were anxious while others had a fear in their minds of what lay ahead. But they could not turn down the thought of some day being a senior.

We were now in high school! There were thirty-eight in the Freshman Class. After trying our hardest we liked this new method of learning and filled our places in high school well. It was during this period that our interest became aroused in the high school activities and we took part in many of them.

The Freshman and Sophomore years passed and now that we were Juniors we felt sure of ourselves! The long years seemed far behind. We had several important events to look forward to. First came our Junior-Senior banquet when we made our first debut into society. It was a big success. Next came our Junior play, "Gangway for Ghosts," which we gave at two different dates. We're still wondering if that headless ghost ever found it's body!

Now it is 1951, we are seniors, and graduation is in sight. Twenty-nine have reached the goal. These years together have been happy ones. There are memories of friendships dear to our hearts and many bonds that can never be broken.

We have a sense of pride about us, but we feel that we owe our credit to someone other than ourselves. To our parents-to our principal-and to our teachers we say "thank you". If we have not said it for you to hear, rest assured that we shall never forget what you have given us. Now, with faith in what the future may bring, we know that we are off to a good start.

For those who are about to turn back; don't; have courage: the reward is worth the effort.

Senior Class Prophecy

Since the War is over and all the boys are back, I have decided to look up my former classmates. I happened to be in Charlotte, so I thought I would drop by Presbyterian Hospital. As I entered the door, two of my friends were standing there. They were Charles and Russell. They were waiting for visiting hours to come so they could see Leo, who had had a bad explosion in his laboratory. He was trying to convert water into fuel for automobiles.

Iola Robinette was at the switchboard. She told me that Betty Joy was Leo's special nurse and Martha and Joyce were supervisors on second floor.

As I was leaving I noticed a familiar man. As I got closer to him I recognized him. Cecil told me that he was carpentering and hurt his leg so he decided to have a doctor look at it. Cecil told me that McLelland and Dariel are working at the National Carbon Plant.

I got in my car and went up town. To the surprise of my life, Junior and Willie were directing traffic. At least they have the law on their side. Junior told me that he and Laura had just moved to their new home on Plaza Road. Willie told me that he stopped Avoneal and Joan for speeding just before I came.

As I started home I stopped at a cafe to get lunch. While I was eating Paul and Guy came in. They were on their way to Raleigh to sell insurance. While we were talking I noticed the milkman stop out front. As he came in I reconized him. It was Johnny Keever. He told me that he had just bought a modern dairy farm outside of town.

While we were talking Bill and Betty Rose came in for lunch. They were on their way to Charlotte to get a load of furniture for Denver Shopping Center. Bill is a partner in the company since his marriage.

Bill told me that Billie Poole and Tommy Goodson and their husband's had bought furniture from him. He also told me that he saw Opal and she seemed very happy as a housewife and mother of twin boys.

As I started home a new Ford passed me. Two women were in it and they looked very familiar. I stopped at the office where Janet works and asked her. She said that Barbara Jean and Ruberta had just left there in a new Ford and that they live below Charlotte.

Elliott Loftin is running a used car lot in Newton. Betty Lee is his bookkeeper.

Last Will and Testament

State of North Carolina
County of Lincoln
City of Denver
Township of Catawba Springs

We, the Senior Class of 1951, being of sound mind, unmarred bodies, and realizing that the final days of our school years are about to end, do hereby make our last will and testament.

ARTICLE I

To the principal, Mr. Little, we leave our thanks for his kindness shown us during the past four years.

To Miss Miller, we leave our cooking and sewing ability for the rest of the high school boys in hope that they have better success than we.

To Miss Dellinger, we regretfully leave our knowledge in Chemistry and Science along with our books, because we feel sure we have learned everything out of class when we should have been learning in class.

To Mrs. Maxwell, we leave our thanks for the kindness shown us in the long days in which we tried to learn English and Spanish.

To Mrs. Sigmon, we leave our appreciation for her help during the hours we spent in the commercial department and also our deepest thanks for her patience shown us with the different play casts.

To Mr. Wallin, we leave our Economic books and all test papers and also our ability to play basketball.

To Mr. Carpenter, we leave all lost tools and also our thanks for the classes taught us on the boll weevil. (Maybe he won't get all of our cotton.)

To Mrs. Little, we leave the pianos and our music and hymn books for next year's students.

ARTICLE II

To the Middlers, we leave our encouragement for the four years that follow, hoping that someday, they too, may become Seniors.

To the Freshmen, we leave our knowledge, hoping that theirs along with ours will give them an easier time in the school years that follow.

To the Sophomores, we leave our seats in English with a big wish for success.

To the Juniors, we leave our chapel seats and our caps and gowns and hope that they will look forward to them as anxiously as we did.

THANK YOU

We wish to thank each of you who helped to make the publication of our annual possible. With your help and approval we hope to have made this annual a success. May we express our deepest appreciation.

THANK YOU

To you, Mr. Hager, we extend our thanks for the many little things you do for us each day. Even though we do not tell you personally, we appreciate each one of them - the warm rooms, the clean floors, and the nice grounds.
